

Welcome to our 2021 Price List.

Introduction

Our Office Hours and Visitor Policy

The office phone is available 24 hours a day. **Linda will be by the phone most Mondays and Thursdays from 3:00 to 5:00 PM (Central Time).** She will not answer the telephone on Monday or Thursday holidays. There is a voice mail service available for the other times. Sometimes, during peak seasons, the voice mailbox becomes filled up. We try to empty the voice mailbox frequently, but if you get a message saying the mailbox is full, please try back in a day or two or send us an e-mail. Please leave your name, number and best time to return your call. We will try to get back to you as soon as possible, although, **it may not be the same day.** If you leave a message, one of us will try to call you back at our earliest opportunity. **We do not make or accept phone calls on Sunday.**

We are not set up for drop in visits and really can't handle them. With the continued Newcastle and Avian Influenza precautions we are no longer allowing any visits to the poultry part of our operation. We are doing our best to try to promote good biosecurity.

Patience

Please remember we are not a 24 hour fast food place where you can order and expect service immediately. We are doing this as a hobby business service and we work as fast and efficiently as the time allows. We cannot guarantee specific hatch dates as we cannot guarantee the hatch rate or laying rate of each of the many breeds that we have. We set up and process the orders in the order in which we receive them in the mail.

E-mails

Please do not expect an immediate e-mail response. Ones that Linda can answer (such as catalog and order status e-mails) will usually be answered within a week or two. Ones that require Glenn to answer (specific breed questions, seed histories, etc.) can take up to a few months for a response. We are very sorry but we get an unbelievable amount of e-mails and there are still only 24 hours in a day.

The Catalog (Pricelist)

There will be no printed catalog sent out by bulk rate mail for 2021. Everything will be found online at www.sandhillpreservation.com.

There will be a very limited number of printed catalogs available starting in late February for those people who do not have access to the internet. These will be mailed out by First Class Mail. You will need to send a request plus \$5.00 by regular USPS mail (no e-mail requests). There will be a \$5.00 coupon in the printed catalog that you may use to help pay for your first order.

You will find that the catalog is divided into three sections with three corresponding order forms. The orders from the three sections of our catalog are processed in three different ways and they need to be sent in and on each of their individual order forms.

IMPORTANT ITEMS TO TAKE NOTE OF

Order Cancellation

Any order (seed, poultry, or sweet potato) that is cancelled once we receive it in the mail will incur a \$3.00 cancellation charge. Once we have taken time to process and set up an order, fees and charges occur that we must pass on to those who suddenly change their mind.

Insufficient Fund Checks

We will be forced to charge \$30.00 for any bad check that we receive. We will notify you when we receive notice that your check was bad and then you will have one week to either send us a money order or a certified check. After that time, we will then contact the authorities for prosecution for theft.

Sweet Potato Slip Orders and slip guarantees

All orders are shipped via Priority Mail. We are not able to send an e-mail each time we ship an order. There are just only so many hours in the day that season of the year. **We will not refund for slips that arrive in poor condition, but will gladly replace them if we discover they were held up in the mail.** Send us a picture of the slips via U.S. Mail and we will adjust and reship accordingly. We will not reship if it is determined that you did not check your mail and left them in the Post Office for days. If there is a problem with the slips upon arrival, you must contact us within 7 days of shipment for replacement slips to be sent. Under no circumstance will we be held liable for anything other than damage to slips in shipping. There will be no refund if you plant them incorrectly, leave them too long before planting, or they just don't grow. We have no control over them once they are in your hands.

Customer Service

Please understand that we strive to make sure that each and every customer gets what they order as soon as we possibly can get to your order. We are not an official business with a marketing department and a customer service department. We are genetic preservationists with a desire to see material dispersed and maintained. We do not advertise and if you have found us it is because either someone recommended us or you are searching for a rare and unusual item. Much of the material we maintain is not in the mainstream as it has quirks and problems that a true business would not carry in order to keep a steady flow of product and happy customers. If you have an order question or product problem then you will deal directly with Linda by telephone or it will be directed to me (Glenn) via mail or telephone. We will evaluate and work to solve your problem as quickly as possible.

SEEDS

All seed will be germination tested and meet federal standards. You must notify us right away if there are problems with germination or crossing. We cannot guarantee the germination of seeds purchased one year and not planted until the next year (or later). Seeds must be stored under the proper conditions to remain viable past the purchase year.

PLEASE NOTE: For orders received after June 1, any item not in stock will be back-ordered until the new seed is processed in December.

STATEMENT ON THE NATURE AND PRODUCTION OF OUR SEEDS: We grow over 80% of the items we list here on our farm either through controlled hand pollinations or by isolations. We have 17 acres in seed production and evaluation. Under no circumstance are any of our seeds chemically treated. Also, we will never offer any genetically engineered varieties. We have a firm commitment to traditional plant breeding techniques and are adamantly opposed to moving genes from one species to another through biotechnology. **All of our seed is Open Pollinated. We do not sell any hybrids or GMO's.**

ORGANIC CERTIFICATION: Since 2009 all seed grown on our farm is Certified Organic. We do still sell some seed that we purchase which is not certified organic, but these seeds are still non-GMO and are not chemically treated. We are in complete support of organic programs and policies as that is the best alternative to help save the environment from the harmful effects of genetically altered organisms. The current brainwashing techniques used to indicate that traditional plant breeding using genes from the same species is no different than transferring genes from widely different species is far too dangerous in the natural world. **SEED THAT IS CERTIFIED ORGANIC HAS AN OG AFTER IT**

CANADIAN AND FOREIGN SEED SHIPPING

CANADIAN ORDERS: We can not ship bulblets, plants or roots to a Canadian address. Seed orders to a Canadian address must add \$8.00 (American) for each order to cover the added postage costs. Payment must be sent in U.S. dollars. We can not accept payment in any foreign currency. Books require additional fees for postage. Please contact us for that charge. You do not have to add the \$3.00 for US orders in addition to the \$8.00 for Canadian Orders

OTHER FOREIGN ORDERS: We can not ship bulblets, plants or roots to a foreign address. Please add \$10.00 (American) to each order shipped to a foreign address (other than Canada). We will not ship more than packet quantities (no pound quantities, etc.). Payment must be sent in U.S. dollars. We can not accept payment in any foreign currency. Books require additional fees for postage. Please contact us for that charge. You do not have to add the \$3.00 for US orders in addition to the \$10.00 for foreign orders. Please check with your country before ordering to find out if you can receive seed from the US.

SEED SHIPPING CHARGES

There is now a flat \$3.00 charge for shipping on all seed orders going anywhere in the U.S.

SEED WARRANTY

All seed is germination tested and will meet Federal Standards. We always try to include extra seed if possible. As genetic preservationists, we are very concerned that our seed does germinate. If any should fail to germinate please let us know and we will be happy to replace it. We do not guarantee seed purchased in prior years for germination to maintain standard after the year stamped on the packet. UNDER NO CIRCUMSTANCE CAN WE BE HELD LIABLE FOR MORE THAN THE PURCHASE PRICE OF THE SEEDS.

SWEET POTATOES

SLIP QUANTITIES YOU MAY ORDER

You may only order slips in the quantities listed by each variety. If we list 3 slips for \$7.50, then you may ONLY order three (3) slips of that variety. If we list 6 slips for \$7.50; 12 slips for \$14.00; then you may order either 6 or 12 slips. (**You may NOT order 2 sets of 12 slips, etc.**) We ask that you please respect these limits so that everyone gets a chance to order some of the varieties that are in a more limited supply. You may only order a total of 200 slips, but you may order 200 slips for Regular Season and another 200 slips for the Season Closeout Special. Be sure that you include a separate shipping amount for each order and put them on two separate Order forms.

SALES TAX

For Iowa residents only - You must also pay 7% sales tax on your sweet potato order. (See order form for where to add this in.)

POSTAGE CHARGES

1 through 25 slips	= \$ 7.00
26 through 50 slips	= \$ 8.50
51 through 100 slips	= \$11.00
101 through 200 slips	= \$14.00

Please remit separate payments for sweet potatoes and seeds so that if we run out of sweet potato slips we may just return your check to you.

Canadian orders: We can not ship bulblets, plants or roots to a Canadian address.

International orders: We can not ship bulblets, plants or roots to addresses outside the United States.

Sweet Potato Shipping To California: According to the California Department of Agriculture website, we are allowed to ship sweet potato slips from Iowa to California.

SHIPPING DATES

Slips usually are ready at Memorial Day and we start shipping when they are ready. Please remember we fill orders in the order in which they arrive in our office (and depending upon when the variety you have ordered actually sprouts). If you do not send your order to us until March or April or after and your confirmation number is maybe 298, you will not get your slips on May 25. Do not expect them any sooner. We continue to ship regular season slips until the third week of June. Orders are filled on a first come, first served basis. We will make an announcement on the "News and Updates" page of the website around the end of May telling when we will start mailing out the slips. If you need to contact us concerning your sweet potato order, PLEASE include your sweet potato confirmation number. Please be patient! There are no guarantees on shipping dates. We cannot ship them to you any earlier than this because they are not ready here for shipping until those dates. You may NOT specify any individual varieties in your assortments. All assortments will be our choice from what is available.

SEASON CLOSEOUT SWEET POTATO SALE

All sweet potato slip assortments are offered at a 50% discount when shipped from June 25 through July 10, 2021 If you are willing to wait that late for your sweet potatoes you may order them at this discount. Please indicate on the sweet potato order form that you are ordering the "Season Closeout Special"

POULTRY

GENERAL POULTRY INFORMATION

Please check the website for information on sold out poultry items. We will update poultry availabilities around the first of each month. **ALSO PLEASE NOTE WE NO LONGER LIST BREEDS IN THE PRINTED CATALOG THAT ARE NOT AVAILABLE FOR THE ENTIRE SEASON.**

HOW SOON DO WE CASH YOUR CHECK SENT FOR PAYMENT OF YOUR POULTRY ORDER?

Please be sure to send payment that is current (no postdated checks). It might take us a few weeks to get your order processed, depending upon our work load at the time, but your check will be cashed just when your order is placed in the schedule book and a confirmation letter is sent out to you. We do not hold your check until after your birds are shipped out. We do accept only a check or money order as payment for the poultry orders.

PLEASE REMEMBER ALL DAY-OLD POULTRY IS SOLD AS STRAIGHT RUN ONLY. WE DO NOT SEX ANY OF THE DAY OLDS. Since we do not sell sexed chicks, we have no control over what you receive as far as a male-female ratio. Ideally, it is supposed to be a 50-50 split, but anyone who has been in poultry knows it can vary from that.

ALL ORDERS MUST STILL COME IN BY USPS MAIL WITH PAYMENT INCLUDED IN THE FORM OF A CHECK OR MONEY ORDER. WE DO NOT ACCEPT TELEPHONE, INTERNET OR CREDIT CARD ORDERS. YOUR POULTRY ORDER IS NOT BOOKED UNTIL WE RECEIVE IT IN OUR OFFICE BY MAIL.

We appreciate the interest folks have in viewing our operation. However, we must inform you that as part of the NPIP certification we must operate a closed facility to prevent the introduction of disease. For that reason, we are no longer allowing visitors to our poultry operation. We are not trying to hide anything, but just have to be careful to maintain a reasonable level of bio-security.

ABSOLUTELY NO VISITS WILL BE ALLOWED

We are members of the National Poultry Improvement Plan (NPIP # 42-278). Therefore, all of our breeding stock is blood tested annually for pullorum-typhoid. We also test bi-annually for Avian Influenza.

We are a breed preservation facility. We do not drop ship. Poultry is priced according to the difficulty of obtaining the product, not the rarity of the breed. The more expensive it is, the fewer of that item we are able to produce.

We are also a no kill chick facility. We adjust our hatches accordingly to hatch numbers of day-olds within reason. This means we do not have many extras with no homes to go to. It also means we can not usually meet last minute orders wanting immediate delivery. This does not mean that we do not cull out defective birds. It simply means that we do not "overhatch" to have extras with no home that have to be disposed of. All extras that we hatch are distributed through our various assortments.

SHIPPING DOCUMENTS AND SHIPMENT REPORT FORM

Every poultry order is shipped out with an NPIP sheet and a breed list, indicating what is enclosed in the shipment, in the envelope attached to the outside of the box. There will also be a "Shipment Report Form" enclosed in the envelope taped to the outside of the box.

1. INSTRUCTIONS - POULTRY SHIPMENT LOSS: If there is a problem with your shipment and you receive dead birds, you MUST

send to us within seven (7) days of receipt of shipment our "Shipment Report Form" (filled out and signed) or an official form from the USPS stating how many birds were DEAD ON ARRIVAL or a photo of the box and contents if the Post Office will not verify your losses. This MUST be sent by U.S. Mail. It will not be accepted by e-mail. Please indicate whether you would like a replacement or a refund for the loss.

If you do not mail this back to us within seven (7) days, NO CREDIT WILL BE GIVEN AND NO REPLACEMENTS WILL BE SENT!!!! WE ASK THAT YOU CONTACT US WITHIN THREE DAYS OF RECEIPT OF YOUR ORDER IF YOU LOSE BIRDS AFTER ARRIVAL SO THAT WE ARE AWARE OF THE PROBLEM AND CAN HELP YOU IF AT ALL POSSIBLE.

2. CHICK WARRANTY: We cannot guarantee the chicks past their arrival time. Any losses in shipping must be reported and documented upon arrival (verified on our form by a USPS employee). Losses from shipping issues must be reported within 3 days. Losses that occur after arrival and up to 3 days will only be credited or replaced. There will be no cash refunds. We also make no guarantees as to how many years your poultry will live. There are too many factors that can alter a bird's egg laying length and life in general. If your losses are small and you have another shipment coming, we will try to replace them in your next shipment. If the losses are larger, we will either replace the lost day-olds or refund for your losses.

3. SHIPPING DATE: There is no guarantee on these. We do the best we can to meet your requested date, but we are dependent upon the birds cooperation. We ship on Monday, Tuesday, or Wednesday of each hatch week and always contact you (either by phone or e-mail) the evening the shipment is mailed.

CANCELLATION POLICY: We reserve the right to charge a 25% cancellation penalty for any order that is canceled 10 days or more after the date on the confirmation letter. If you decide to cancel the order, the cancellation must be received in our office in writing via U.S. mail with your signature on it. **We do not accept cancellations by e-mail or telephone.**

THE NUMBER IN THE () AFTER THE PRICE OF THE POULTRY INDICATES THE MAXIMUM NUMBER OF DAY OLDS AVAILABLE AT ONE HATCH. YOU CAN ORDER AS FEW AS 1 OF A BREED. IF YOU WANT MORE THAN THE MAXIMUM NUMBER, YOU WILL NEED TO PLACE TWO ORDERS FROM TWO DIFFERENT HATCHES (INCLUDING THE EQUIVALENT OF 25 CHICKS FOR EACH ORDER) AND PAY TWO SEPARATE SHIPPING CHARGES.

POULTRY ASSORTMENTS

In assortments it is our choice from what is left over after individual breed orders for that hatch have been filled. We will try to include a nice variety. Each box comes with a named list of the birds that are in the box.

AUTUMN SPECIALS

This is our season end specials of whatever is still laying and hatching. We start shipping as birds become available in September and have hatches through October. The order for these may be placed at any time, but the final cutoff date for orders to be received in our office is September 10, 2020.

Hatch Special - Assortment of chicks, guineas, bantams, (and maybe turkeys or ducks) - 25 for \$40.00

Chicken Special - 25 for \$27.50; 50 for \$50.00.

Duck Special - 15 for \$40.00 (This starts in August.)

NOTE: These Autumn Specials will be our choice only! You may not choose your breeds. No cancellations will be allowed once the order is placed for these specials. Each box comes with a named list of the contents.

SUPER ASSORTMENTS

Super Assorted is for the person who would like as many different breeds as possible. A list of breeds is enclosed in the envelope taped to the outside of the shipping box

Super Assorted Chicks- 25 for \$30.00.
50 for \$55.00.
Super Assorted Ducks- 15 for \$42.50.
30 for \$70.00.

Farmyard Assortment - \$30.00 plus shipping

Use shipping rate for 25 chicks (equivalent) for each order. This is filled with what ever is left after we fill all other orders. It can be any poultry and will vary from week to week.

Mystery Chicken Assortment - \$20.00 plus shipping

Use shipping rate for 25 chicks for each order. This assortment can have anything from our projects (including also the occasional mismarked egg or oddity). This is not a purebred collection. We only recommend this to someone who doesn't care about breeds or breeding, but is either just wanting something for eggs or meat. Therefore, if you place an order for these, please be as flexible on shipping dates as possible. This assortment is only available as a unit of 25 chicks. This assortment is all full sized chickens - - - no bantams.

EGGS/ADULT FOWL

We do not ship hatching eggs or adult fowl.

NOTE: Please pay attention to the hatching dates for each type of fowl. When a breed is sold out for the season, it will be indicated beside the breed description for that breed on the web site. (Example: Turkeys do not start hatching until May. Guineas don't start until June. Geese quit around July 1.)

POULTRY SHIPMENTS TO CANADA

We are no longer shipping poultry for entry into Canada. The changes in USPS border delivery and expense of vet import papers has stopped us from doing this.

POULTRY SHIPMENTS TO HAWAII

All orders for poultry shipments to Hawaii must be received in our office well in advance (a month or more) of the shipping date requested so that the necessary permits and paperwork may be obtained. There is no charge for the paperwork to ship to Hawaii, but it must be obtained in advance. We are not allowed to ship ducklings, turkey poults, or goslings to Hawaii. We can only send chicks. All shipments to Hawaii must be sent by Express Mail.

BANTAMS

None available in 2021. Back by 2022.

QUAIL

We have decided to not sell hatching eggs as the risks are great. Therefore, we are offering them as started (approximately 2 week old birds) that will be shipped via Express Mail (only). The assortment may contain any of the following (but is not guaranteed to contain all of the colors): Wild type, Manchurian Golden, English White, and British Range Black. We are also working with other color patterns and they might be included as well. We have a separate location to keep the young isolated for that time frame while we are starting them (for bio-security reasons).

We will be selling them in units of 12 assorted (this allows for a few extras to be included).

Each unit of 12 counts as a unit of 25 day-old chicks for Express Mail chart purposes. They are available for April through October as hatches are available.
